

Fraternity and Sorority Life Expansion and Recolonization Policy

Last Updated: August 2018

University Statement on New NIC Affiliated Organizations

Based on the recommendation of the Appalachian State University Interfraternity Council and with the support of University administration, Appalachian State University will not review any applications for colonization of new NIC-Affiliated organizations before July 2020. At which time, the organization is required to follow the Fraternity and Sorority Life Expansion and Recolonization Policy outlined below.

Purpose

Appalachian State University is committed to our Fraternity and Sorority Life Community and believes in the importance of student growth and involvement. The Campus Activities Office is committed to the holistic development and success of all students, the cultivation of inclusive spaces and communities, and the fostering of meaningful relationships and lifelong learning.

Appalachian State University has been home to Fraternity and Sorority Life since 1972. Since then, more than 30 organizations have called this campus home and we have more than 2,000 students currently thriving in the brotherhoods and sisterhoods these organizations offer. Our community focuses on the following benchmark areas: engagement, friendship, leadership, risk management, scholarship, and service. The University is committed to helping our member organizations grow, lead, and succeed on our campus.

When it is determined that a new organization is needed to strengthen our fraternity and sorority life community, the procedures outlined below will be followed. The purpose of the Expansion and Recolonization Policy is to ensure expansion and recolonization of fraternities and sororities are done carefully with a well developed plan that aligns with the standards and mission of Appalachian State University. A carefully planned and supportive process will ensure that our students have maximum opportunity for a rewarding experience and the relationship between campus and the respective national organizations are maintained.

ARTICLE I: POLICIES AND DEFINITIONS

Social fraternities and sororities (including women's fraternities) are Title IX protected single sex organizations whose primary purpose is personal development. These organizations are not limited to any particular field of study, profession, or academic discipline. Members of these organizations are not permitted to hold membership in other social fraternities or sororities. Only enrolled students at Appalachian State University are able to maintain and hold membership in our recognized organizations.

1.1 University Recognition

Recognizing the value of student organizations, Appalachian State affords recognized student groups many benefits beyond those programs and services mentioned previously. Below is a brief listing of those benefits:

- a. Use of the name Appalachian State University

- b. Use of campus facilities and support services for meeting and approved activities
- c. Funds for educational activities from Club Council
- d. Permission to enter into solicitation and fundraising activities in accordance with University policies
- e. Access to on-campus University mail services through the ASU Post Office
- f. Participation in the activities of state and/or national organizations, if such affiliation is established, or any other activities which are not in violation of University policy
- g. Ability to develop a web site using university resources
- h. Inclusion in university publications and web site
- i. Inclusion on distribution list for weekly electronic newsletter

1.2 University Policies and Requirements

Along with the benefits of University, fraternities and sororities are held to a high standard reflective of the quality of educational experience that Appalachian seeks for its students. The following policies and procedures must be followed to maintain recognition and good standing with the University:

- a. ATLAS Requirements
- b. Fraternity and Sorority Life Social Policy
- c. Conducting Intake Guidelines
- d. Student Organization Policy Manual
- e. Organizational Code of Conduct

1.3 Definitions and Terms

- a. *Expansion* - Expansion involves inviting inter/national social fraternities and sororities to establish chartered chapters on the campus of Appalachian State University.
- b. *Extension* - Extension is a process of adding one of the 26 organizations of the National Panhellenic Conference to campus. This is a process which is defined, dictated, and managed through the NPC Manual of Information (MOI) - (*National Panhellenic Conference, Manual of Information, Extension, p. 143-155*) and the college Panhellenic.
- c. *Intake* - Intake is the process by which the nine associated organizations of the National Pan-Hellenic Council, Inc. establish membership on campus. Multicultural organizations such as National Association of Latino Fraternal Organizations and National Multicultural Greek Council also utilize an Intake process for establishing chapters on college campuses.
- d. *Recolonization* - Recolonization involves re-establishing a relationship with past chartered organizations through invitation and support of respective councils. This includes organizations whose recognition was previously suspended or revoked by the University through the formal Organizational Code of Conduct process, previously sanctioned judicial procedures, or their inter/national organization.
- e. *Colonization* - A new organization that registers with Appalachian State University through the Expansion and Recolonization process. The new organization will remain a colony under probationary terms for one year from establishment.

ARTICLE II: JURISDICTION AND AUTHORITY

Appalachian State University reserves the right to approve or deny any fraternity or sorority seeking registration and recognition with the University that does not adhere to this policy or any other guidelines or

expectations. The University also reserves the right to limit expansion or re-establishment efforts to one process per calendar year.

2.1 Jurisdiction of Governing Councils

- a. For the purpose of Extension, the campus Panhellenic Council will manage the exploratory process and Extension Committee with the assistance of the Campus Activities Office. (Manual of Information, Unanimous Agreements, Section V). The campus Panhellenic will convene and discuss the possibility of extension through an Exploratory Committee. The committee is responsible for providing a written report of findings to the Panhellenic Body and to the Campus Activities Office for approval.
- b. The campus Interfraternity Council will maintain a Fraternity Expansion Committee that will serve as a recommending body to the Campus Activities Office. This committee will determine if it is an appropriate time for expansion, will determine all timelines for reviewing expansion proposals, and will provide the Assistant Director of Campus Activities, Fraternity and Sorority Life with any recommendations to invite organizations to charter or recolonize.
- c. The NPHC and MGC Executive Boards, respectively, will review potential colonization by any Divine Nine or culturally based fraternal organization currently not represented on campus. They will provide the Campus Activities Office with a written report and proposal and will be considered as a recommending body.

ARTICLE III: PROCEDURES FOR NEW ORGANIZATIONS

When an inter/national social fraternity or sorority would like to explore official recognition on the campus of Appalachian State University the following procedures will be followed as outlined below:

3.1 All Inter/national organizations seeking recognition must complete and submit a letter of intent to the Campus Activities Office. The letter cannot be submitted by a student or alumni on behalf of the inter/national organization. This letter must include information about the national values and principles, inter/national organization's rationale of how it will be able to differentiate itself from current chapters on campus, and can help strengthen the fraternity and sorority community at Appalachian State University. The letter should also outline goals, priorities and timeline for establishing a new chapter, and the intentions of the inter/national office to offer continued support to an established chapter and campus. We encourage all organizations wishing to be considered to submit a complete packet of petition with their letter.

Upon receiving any letters of intent or formal documentation, the Campus Activities Office will respond in writing to confirm receipt and notify the interested inter/national organization of a review timeline. A letter of intent must be received by July 1st to be considered for the following academic calendar.

3.2 After reviewing any letters of intent, the Assistant Director for Campus Activities, Fraternity and Sorority Life will initiate a discussion and review all submitted information with the respective council's Expansion or Extension Committee. Reviews will occur annually in January and August, or at a time otherwise deemed necessary or appropriate to consider the growth of the fraternity and sorority community. As part of the review the committee will be responsible for evaluating the need, timing, and feasibility of allowing an additional fraternity or sorority to expand or recolonize. The current national trends and general health of the community at Appalachian State University will set the tone for the review.

3.3 A formal presentation may be requested as part of the evaluation and review process. If a presentation is requested, the inter/national organization would be responsible for all costs associated with travel to the campus of Appalachian State University. To formally present to the community does not guarantee approval. For all organizations under National Panhellenic Conference Extension, all relevant policies will be followed as stated in the MOI. The expectations of the presentation will be established by the respective council and the Campus Activities Office and will be provided in formal notification to the inter/national organization two weeks prior to expected visit.

3.4 The respective councils or their designees will determine if they wish to extend invitation or not to an inter/national organization via a council vote after all procedural steps and reviews have concluded. A formal recommendation must be submitted to the Campus Activities Office within five business days of the vote and must include all notes and reports collected during the review.

3.5 Final decision regarding approval of expansion or recolonization lies with the University. The inter/national organization will be notified via writing about the decision. If approved, notification will include designated timeline of colonization and requirements.

ARTICLE IV: PETITION REQUIREMENTS FOR RECOLONIZATION

4.1 In addition to the process outlined in section 3.1 of this policy, the organization wishing to recolonize at Appalachian State University must provide the following information as part of their petition application:

- a. History of the organization on campus
- b. How the inter/national office will review previous members wishing to participate with the organization either as undergraduate active members or Alumni Advisors

4.2 Upon receipt of the organization's petition to recolonize, the Director of Student Engagement and Leadership, or designee, will review the organization's past conduct history to determine if the organization is eligible. In order to petition, the organization must clearly have met all suspension requirements as outlined in their suspension letter and section 5.2 of the Organizational Code of Conduct. The return of the organization is not automatic. The Director of designee may deny an application for recolonization if the organization's misconduct during suspension would have warranted additional disciplinary action. If the organization has failed to satisfy any sanction that was imposed prior to application for recolonization, the Director, or designee, may deny the organization's petition. Consequently, the Director will set a date when another application for recolonization may be considered.

Article V. COLONIZATION AND RECOLONIZATION REQUIREMENTS

Any inter/national organization that has been approved to colonize at Appalachian State University will follow the University Student Organization Policy and Guidelines Manual for establishment. Once established, the colony will have all rights and privileges associated with student organization recognition. The colony will be a dues paying member of their respective council and have voting and participation privileges.

5.1 The inter/national office will provide Campus Activities the following information prior to arrival on campus:

- a. Colonization timeline
- b. Information about long-term chapter support and advising plan
- c. Colony standards for chapter installation, Inter/national organization standards and expectations for active chapters

- d. Membership development program, including new member development
- e. Risk management/risk reduction/crisis management programs, policies & procedures
- f. Academic standards and academic support programs
- g. Financial requirements associated with membership

5.2 The colony will be considered on probationary status for one year and will need to complete the following:

- a. Maintain good standing with the Campus Activities Office, the respective council, and the University
- b. Complete all minimum recognition expectations as outlined in ATLAS
- c. Meet the colony standards for chapter installation as provided by the inter/national office

5.3 If a colony fails to complete the above requirements during their probationary term, the University will either extend the probationary period or revoke recognition. If recognition is revoked, the inter/national organization will be ineligible to petition until five years have passed from the date of lost recognition.

5.4 Unsuccessful petitions may be resubmitted one calendar year following the initial submission.
