FRATERNITY & SORORITY LIFE

honoring our past. creating our future.

Table of Contents

FSL Mission, Priorities, and Values

Mission
Fraternity and Sorority Life at Appalachian State University exists to support our organizations in creating a membership experience that is safe, encourages growth and accountability, and supports the development of each student.

Priorities
- **Health, Wellness, and Harm Prevention:** We believe our fraternity and sorority members should have a fun, enjoyable, and safe membership experience. We provide our chapters with the tools and resources needed to help them create an environment that prioritizes safety, wellness, and responsibility for their members.
- **Leadership Education and Development:** We provide students the opportunity to learn more about and develop their leadership capabilities.
- **Inclusivity and Belonging:** We support our organizations in creating a community that values acceptance, inclusion, and celebration of all members in the App State Fraternity & Sorority community. We provide programming to support the education of members and better the experiences of members with marginalized identities.
- **Personal and Professional Development:** We provide programming that helps students gain more self-confidence, prepares them for life after college, and become better citizens of their communities.
- **Civic Engagement:** We provide our students with opportunities to connect with campus and community partners to help them create positive change on campus and in the Boone community.

Values

- Inclusion
- Integrity
- Growth
- Engagement
- Accountability
- Compassion

Background and Purpose of ATLAS

ATLAS (*Accountability Towards Leadership Achievement and Success*) is the result of a student-led task force established in 2017. The purpose of ATLAS is to serve as a roadmap to assist the fraternity and sorority community in meeting organizational goals and to support positive working relationships between the University, governing councils, and individual chapters. Ultimately, the goal is to provide resources and support to enhance educational and leadership development programming, risk management, civic engagement initiatives, and membership development for all organizations. Ultimately, the goal is to provide resources and support to enhance educational and leadership development programming, harm reduction, civic engagement initiatives, and membership development for all organizations. We believe that each individual chapter is responsible for and has the ability to enhance their organization at Appalachian State University. We believe that each chapter is unique and we believe that chapters should assess, create, and execute goals that enhance their organization and helps them achieve success. There are two components to this program: Compliance and Recognition and Chapter Coaching.

Compliance and Recognition

Chapters are expected to meet the "Meet Standards" level in the areas of achievement and recognition listed below.
- Engagement & Administrative
- Diversity, Equity, Inclusion, and Belonging
- Leadership
- Harm Reduction
- Scholarship
- Service & Philanthropy

Submitting and Verifying ATLAS Data

ATLAS is an annual program (January-December) and submissions will be verified by Fraternity and Sorority Life (FSL) staff on an ongoing basis. There is a deadline for submissions for each semester:
- Spring 2023: April 12th
- Fall 2023: November 15th

All submissions must be turned in on Engage via the [ATLAS Submission Form](), unless otherwise stated by FSL staff. For certain submissions, the following templates must be used:
- [Event Template]()
    - o Use for all events the chapter hosts or attends except for service and philanthropy events.
- [Service Event Template]()
- [Philanthropy Event Template]()
- [End of Semester Service Hours Report]()
- [End of Semester Philanthropy Donation Report]()

If your chapter has the same requirements for your (inter)national headquarters, you can submit the same documentation for ATLAS as long as it covers the same content/questions that FSL requires.

Earning Points

Each requirement is broken down into the four Standards Levels: needs improvement, making progress, meeting standards, and exceeding standards.
- Needs Improvement = 0 points
- Making Progress = 1 point
- Making Standards = 3 points
    - These are the minimum requirements & highlighted in green.
- Exceeds Standards = 5 points
    - These are points for going above and beyond the minimum requirements.
    - Exceeds Standards points do not make up for missing minimum requirements.
    - Some tasks can only earn Exceeds Standards points.

There are some tasks/requirements that are required/can earn points for both the fall and spring semesters. Fraternity and Sorority Life staff will develop and share a tracking sheet/table with chapters each semester.

Bonus Points

At various times throughout the year, Fraternity and Sorority Life staff may share opportunities for extra "Exceeds Standards" points that may not initially be on the tables in this document. Councils may request that some of their events count for bonus points. Requests must be submitted in writing to their council advisor at least *three weeks* in advance.

Chapter Programming Credits

Chapters that earn "Meeting Standards" or "Exceeds Standards" for their overall status are entered to win a programming credit ($250 or $500). This credit can be used for educational programming, philanthropy events, alcohol-free chapter

events, etc. The chapters selected for the programming credit will need to meet with their chapter coach to discuss the process for the funds and expectations.

Tracking ATLAS Submissions

ATLAS submissions must be submitted [via Engage](). The FSL project assistant responsible for reviewing and verifying submissions will be Conrad Nelsen. Conrad will share a spreadsheet with each chapter that will show which items have been completed and how many points were earned. Each chapter president and ATLAS chair (if applicable) will have access to the 2023 ATLAS calendar which will have all of the ATLAS due dates for the year. Please email fsl@appstate.edu with any questions about ATLAS.

Failure to Meet Standards

Chapters are expected to "Meet Standards" each semester. Chapters that earn "Making Progress" for three consecutive semesters or 3/5 semesters will automatically earn "Needs Improvement". Chapters that earn "Needs Improvement" for four consecutive semesters or 4/5 semesters will have their recognition at Appalachian State University reviewed. The following measures will be used to help chapters "Meet Standards":

- Making Progress
  - Semester 1: The chapter president and advisor will receive a letter from their chapter coach that explains their status and the areas that need improvement. The chapter president and other designated officers will need to meet with their chapter coach to discuss their status and strategize ways to make improvements.
  - Semester 2: The chapter president, advisor, and headquarters will receive a letter from their chapter coach that explains their status and the areas that need improvement. The chapter president and other designated officers will need to meet with their chapter coach to discuss their status and strategize ways to make improvements. The chapter will be required to submit an action plan that outlines the steps the chapter will take to ensure they earn "Meeting Standards". This plan will need to be signed off by their chapter advisor and a headquarters staff member. The plan will be reviewed with the chapter president and their chapter coach.
  - Semester 3: The chapter will earn "Needs Improvement" and follow the procedures below for "Needs Improvement Semester 1".
- Needs Improvement
  - Semester 1: The chapter president, advisor, and headquarters will receive a letter from their chapter coach that explains their status and the areas that need improvement. The chapter coach will coordinate a meeting with chapter leadership, advisors, and other necessary stakeholders to develop a plan of success for the chapter. The chapter president or other leadership will need to meet with their chapter coach bi-weekly to ensure that progress is being made. The chapter will only be able to register and host one social event during the semester, which can be reviewed if the chapter is making significant progress by midterms.
  - Semester 2: The chapter president, advisor, and headquarters will receive a letter from their chapter coach that explains their status and the areas that need improvement. The chapter coach will coordinate a meeting with chapter leadership, advisors, and other necessary stakeholders to develop a plan of success for the chapter. The chapter president or other leadership will need to meet with their chapter coach bi-weekly to ensure that progress is being made. The chapter will be placed on social suspension for the semester and will be unable to register or host any social events. The chapter will be referred to their council judicial board (if applicable) for further sanctions.
  - Semester 3: The chapter president, advisor, and headquarters will receive a letter from their chapter coach that explains their status and the areas that need improvement. The chapter will be under review by the ATLAS Peer Review committee. The committee will hold a hearing where the chapter will have the opportunity to advocate for their chapter and detail how they will make changes. The ATLAS Peer Review Committee will determine the appropriate sanctions.
  - Semester 4: The ATLAS Peer Review Committee will hold a hearing for the chapter to discuss their

recognition. The committee will either recommend the chapter's recognition be reviewed by Student Conduct or develop new sanctions.

ATLAS Peer Review Committee
Structure
- The ATLAS Peer Review Committee will be made up of one council officer and one chapter president from each council, and one non-FSL Campus Activities staff member. One FSL staff member will serve as a non-voting ex-officio member.
- Chapters will be allowed to have up to five representatives. These representatives should include chapter executive officers, advisors, and/or headquarters representatives.

Timing
- The ATLAS Peer Review Committee will convene within the first 4 weeks of each semester for hearings, if any.

Process
- The ATLAS Peer Review Committee will summarize the reasons as to why the chapter is facing possible loss of recognition.
- The chapter will have 30 minutes to present the reasons for their status, steps they have or will take to improve, and why they feel they should maintain their recognition.
- The committee and the chapter will then have a discussion regarding the presentation and status.
- Once the conversation is over, the committee will deliberate on the status recommendation for the chapter. Their recommendation must be typed and sent to the chapter representatives and FSL staff.
- FSL staff will then decide whether to proceed with recommending the chapter to lose their recognition with the Office of Student Conduct.

Standards Levels

There are four standards levels that chapters can earn each semester; needs improvement, meeting standards/in good standing, and exceeds standards. Below are the requirements for each standard level:

Standards Level	Cumulative Points Needed	Incentive
Exceeds Standard	147-490 of Exceeds Standards points * and must "Meet Standards" in 6/6 categories	- Eligible for Chapter of the Year - Eligible to apply for FSL chapter awards - Entered in to earn $500 chapter programming credit - Featured on FSL social media - Maintains compliance & recognition
Meets Standards	125-156 of Meets Standards and Making Progress points * and "Meet Standards" in 5/6 categories	- Eligible to apply for chapter awards (excluding Chapter of the Year) - Entered in to earn $250 chapter programming credit - Maintains compliance & recognition
Making Progress	36-124 of Making Progress and Meets Standards points * and "Meet Standards" for 3/6 categories	Maintains compliance & recognition
Needs Improvement	0-35 of Making Progress and Meets Standards points	N/A

Chapters must earn 80% of "Making Progress" or "Meets Standards" points in order to earn that status. To earn "Exceeds Standards" a chapter must meet standards for all categories, as well as earn 30% of available "Exceeds Standards" points. Only chapters meeting the "Exceeds Standards" level may be eligible for Chapter of the Year Award.

Engagement & Administrative

Task	Due Date	Needs Improvement (0)	Making Progress (1)	Meets Standards (3)	Exceeds Standards (5)

***

- Host 2 service events each semester. **Street clean-ups can only be counted once.**
- Host 1 philanthropy event, or an additional service event each semester. **3 percentage nights count for 1 philanthropy event.**

Chapter Coaching

The second component to ATLAS is chapter coaching. Each chapter will have a designated Fraternity and Sorority Life staff member as a chapter coach.

- The role of the chapter coach is to:
  o Provide knowledge, time, and resources to assist the chapter in achieving their goals.
- Chapter coaches will support chapters and help them maintain compliance and recognition. Ultimately, it is the chapter's responsibility to follow ATLAS and complete and submit tasks on time.
- Each chapter's Google table will send automatic reminders leading up to the due date of ATLAS requirements.

Submission of ATLAS Requirements

All ATLAS submissions must be submitted via [this form](#).
